

Post-Hospitalization Physician Visit

The post-hospitalization visit is offered at no cost to Medicare members who were admitted for either an observation or an inpatient stay. If you complete your post-hospitalization visit within 30 days of discharge from the admission, you will be eligible to receive a healthy reward.

This visit can be completed in-person or via telehealth (on your computer, phone, or tablet) with the provider.

CareFirst BlueCross BlueShield Advantage DualPrime understands that it can be tough going home after being in the hospital. You may have left the hospital with multiple follow-up instructions. You may have many medicines to take. You may also want more medical help and support in the weeks following your hospital stay.

This visit may be with a primary care provider or specialist. During this visit, your doctor will go over the instructions that you got at the hospital. Your doctor will see if you need to adjust any medication, follow-up on test results and discuss future treatments.

Your healthy rewards will be loaded onto the healthcare prepaid benefit type card after we receive the completed form from your doctor and have verified the services. Healthy rewards cannot be used to buy tobacco or alcohol. Healthy rewards cannot be converted to cash. This reward can only be earned once per calendar year.
